DR. SCHWARTZE'S COMPOUND EXTRACT

Dr. SCHWARTZE'S COMPOUND EXTRACT
OF SARSAPARILLA
The astonishing success with which disease has been combared by this powerful remedy for the last deep combared by this powerful remedy for the last species, has induced the propriet or middle and other places, has induced the propriet or middle and other places, has induced the propriet or middle and other places, has induced the propriet or middle and other places, has induced the propriet or middle and other with the place in a more conspicuous manner, under whose notice it may come. Therefor, he would urge it upon all who read this not to let it pass unnoticed, but give it that attention to which it is no deservedly entitled.
The following are some of the diseases which will testify to its never-failing efficacy, viz:
Scrofula, in any form:
Incipient stages of Consumption, when proceeding from a scrofilous habit;
Chronic Rheumstism; Bronchitis;
Dyspepsia, when proceeding from hepatic derangement.
Constitutional Syphilis; General Debality;
Habitual Continuous Continuous Affections, and purities of the blood.
Person staking this remedy should not grow impatient or become too sanguine in their hopes of a rapid restoration to health, as its efficacy depends measureably upon the strongth of constitution and the length of time that disease has prevailed; therefore I would say to all who may feel disposed to test its virtues not to continue its use, whether it be one botten, a dozen, or more, as no two cases are exactly similar, or can be relieved by any stated number in anticipation.

The accompanying certificates are from gentlemen of respectability radialing in Hashington city, and not from those abnoxed, to whooling, Hundreds all those montals are the produced as to efficacy, but as they are seldom or ever read, or credence given to them, if have thought a few respectable certificates, coming from gentlemen well known would suffice.

Dear Sir: Having, through the agency of your extruct of sarsaparilla, necomplished a most remarkable cure in the case of my sister. I deem is important to make all acquisined with her case who may be similarly affiltered, as it may be the means of saving many from a premature death. About tour years ago my sister's health began to deeline, and continued to do so for the space of two years, when she was saddenly attacked with a bronchial affection, or what is commonly called bronchitis. Having been attacked with the best medical skill without benefit, and finally pronounced incurable, she determined to try your extract of sarsarilla, and, after the use of the very limited number of three better health than she ever before experienced. Hoping that this description of her case will come under the notice of many who may be similarly afficied, I am most respectfully, yours.

Such an invaluable remedy should be known throughout the extent of the country; and I sincerely hope, before long that it will be sought after by all the afflicted. Wishing you abundant success,

My health continued to declain for a year, when I was seized with Neuralga and sevent Fergenat Baltimore, without the least benefit, and having also made use of the Gidennie Buttery without any good effect, I concluded to try your Estraet of Sorasparilla, and am happy to say, that after using a single bottle the pains entirely left me and I have been better ever aince.
